## LA MENDOCINA

If Mendoza is great for its wines, it owes it not only to its favorable geographical and climatic conditions, but also and above all to the tireless work of its inhabitants. It is thanks to the people of Mendoza, with their firm and entrepreneurial spirit, that Mendoza wine has been able to position itself among the best in the world. And that is why we created this brand, La Mendocina, to honor our ancestors and all those people from Mendoza who promoted the wine industry of our country to the rest of the world.
