More economical.

TASTING NOTES

Our Cabernet Sauvignon has a rich and concentrated ruby-red color. Its aromas remind us of red cherries, strawberries and sometimes, chocolate. It's an elegant wine, with good balance and structure. Its tannins are soft and mature, and it has a pleasant finish.

VINEYARD

Located in Central Valley, specifically in Villa Alegre, which belongs to the sub-region of Maule Valley. The climate here is Mediterranean-like, with an average annual rainfall of 735mm, dry summers and sunny days. The great range of temperature between day and night provides optimal conditions for the grape to develop ripe tannins and concentrated aromas and flavors.

WINEMAKING

Harvest in mid-April. Fermentation in stainless steel tanks with selected yeasts at controlled temperatures ranging from 26° to 28°C, for 7 days. Stabilization, filtration and bottling.

PAIRINGS

Enjoy with grilled steak or simply on its own.
