TASTING NOTES

This Syrah Rosé has a bright cherry colour. On the nose, it's fresh and sweet, with strawberry and cherry notes. It's a well-balanced wine, with a prominent red fruit character. Refreshing on the palate, with a long-lasting finish. We recommend to serve it at 10°-11°C, and pair it with appetizers, white meats, salads and desserts.

VINEYARD

Located in Villa Alegre, 285 km south from Santiago, in Maule Valley. Mediterranean climate, dry summers, sunny days, where temperature varies greatly between day and night. Under these conditions, the grape develops ripe tannins, excellent aromas and concentrated flavors.

WINEMAKING

Manual harvest early in the morning at end of March. In order to extract aromas, 25% of the must is subjected to skin contact at low temperatures prior to alcoholic fermentation, and the other 75% is fermented in stainless steel tanks with selected yeasts at temperatures ranging from 12° to 14° during a twenty-days period, allowing the extraction of varietal aromas. Lees are then stirred to extract flavour and aromas from the yeast. Prior to bottling, the wines are stabilized and filtered carefully to keep all the fruit.
