

# REGION I

Cabernet Sauvignon

COUNTRY: Argentina

BRAND: Region I

REGION: Lujan de Cuyo, Mendoza

ALCOHOL: 13.5%

VARIETAL: Cabernet Sauvignon

SIZE: 750 ml

## TASTING NOTES

Dark red color, with violetish hues. This young cabernet is concentrated, with an elegant aroma, typical traces of black pepper and a touch of red pepper. Great structure on the palate, and an outstanding finish.

## VINEYARD

- **Training System:** V.S.P.
- **Soil:** Franc, very heterogeneous because of the alluvial sediments, rich in calcium and potassium, with low organic material.
- **Irrigation:** Flooding by ditch with the Mendoza River, coming from the melting snow of the Andes Mountains.

## WINEMAKING

The harvest began in early April. Selected yeasts were inoculated for the alcoholic fermentation process at a controlled temperature between 23°C and 27°C, during 12 days, matching concrete and stainless steel tanks.

**Aging potential:** 1 to 2 years.
